

Task calendar

Directions

1. Cut out the individual tasks in the table below.
2. Sit with an adult and decide which tasks you'll complete during the coming week. You may need to print the page multiple times if you need to repeat a task more than once. And use the blank boxes to write down any extra tasks.
3. Use Blu Tack to stick the tasks on the relevant day on the calendar.
4. Agree with an adult how much money you'll receive if you complete ALL the tasks - write down the amount in pencil.
5. Once the week is over, collect your earnings, remove your tasks and start again.

What you need

- Pencil.
- Rubber.
- Scissors.
- Blu tack or tape.
